

## **Diana Silvia Teodorescu**

7 Glyndwr Road, Aberystwyth, SY23 1PW

Tel.: 07577250609 E-Mail: diana@techiemouse.com

### **Profile**

A results-driven, enthusiastic and ambitious software engineering student on the track to a higher 2:1 with good analytical and logical skills always driven by curiosity to learn, motivated by team work and new challenges, now seeking a graduate job in a software development environment.

### **Achievements and Skills**

<b>Java Demonstrator</b>	Mentoring first years students during their practicals which improved my problem solving skills and consolidated my Java knowledge.
<b>Photography Society Committee (Vice President)</b>	Keeping the budget and administrating expenses for activities and photography walks, interacting with members through social media, emails and events.
<b>Facebook Application</b>	Designed Adevar sau Provocare (Truth or Dare) application with a friend and administrated it, researching for the best way to attract users. It reached 645,000 monthly users and was very successful.
<b>Computing</b>	<p>Working knowledge of Java gained during 3 years of university and multiple individual and team projects. I also have some knowledge in other programming languages such as C , C++ and Ruby on Rails.</p> <p>Good understanding of web technologies such as: HTML, CSS, JavaScript, PHP obtained both during my industrial placement and from my personal projects.</p> <p>Other knowledge would include basic server administration from Linux command line, SQL databases, XML, JSON, RESTful applications, understanding of content management systems such as Joomla and Wordpress, advanced knowledge of Adobe Photoshop and basic knowledge of Adobe Illustrator and Adobe Indesign.</p>
<b>Communication skills</b>	Confident verbal communication skills gained during my time with Emailitis whether I needed to communicate with engineers from our providers discussing the issues technically or find the best way to communicate about the technical side in a way that the client would understand and feel comfortable talking about.
<b>Team work and interpersonal skills</b>	<p>Proved during my placement with Emailitis where I successfully worked in a small team dealing with different tasks from meetings about social media to working on VoIP system configuration and networking solutions.</p> <p>In my second year I worked in varied teams with different people from varying cultures and completed successfully Java and Android Applications.</p>
<b>Flexibility</b>	Moving to another country, interacting with different cultures, varying team mates during university projects.

## Education and training

10/2010 - Present	<b>BEng Software Engineering, Aberystwyth University</b> <i>Key subjects: Introduction to Programming 79%, Software Development 65%, Web Development Tools 64%, Web Programming 68%, Modelling persistent data 66%, Software Development Life Cycle 61%</i>
10/2008 - 07/2010	<b>MSc Marketing Strategies, "Babeş-Bolyai" University, Romania</b> <i>Final Grade: 95%</i>
10/2005 - 07/2008	<b>BSc Marketing, "Babeş-Bolyai" University, Romania</b> <i>Final Grade: 87% (Equivalent 2:1 Honours Standard)</i>
09/2001 - 06/2005	<b>National College "Petru-Rareş", Romania</b> <i>Baccalaureate Degree: 91% (Equivalent to A Levels)</i>

## Work experience

2010/2013 - Present	<b>Demonstrator - Aberystwyth University, Wales</b> <i>Responsibilities: helping first year students with worksheets and assignments in Software development and Introduction to Programming modules;</i> - Gained communication and interpersonal skills
06/2012-08/2013	<b>Software Support Engineer - Emailitis, Salisbury</b> <i>Responsibilities: Server, website and broadband administration, VoIP and router configuration and client support, administration of all user accounts, domains, mailboxes, monitoring and administration of the telecommunications environment, voice mails, phones and extensions, Training new team members</i> -Gained real experience with clients, networks and servers
06/2009 - 07/2009	<b>Marketing research assistant - International Brand Consultants, Romania</b> <i>Responsibilities: interviewing people, completing questionnaires, follow target completion;</i> - Gained communication skills and flexibility by interviewing people from different social and age groups.

## Interests

<b>Photography</b>	Introduced me to different types of software and allows me to be creative and explore the world, <a href="http://silviad-portfolio.blogspot.com/">http://silviad-portfolio.blogspot.com/</a>
<b>Web Design</b>	I am enthusiastic about the Internet and how it works but also about how the user sees it and the new trends in design <a href="http://photography.techiemouse.com/">http://photography.techiemouse.com/</a>
<b>Photo manipulation &amp; design</b>	Working with editing software taught me patience and a good eye for detail, it also allowed me to think outside the box and create surreal images.
<b>Social activities</b>	Enjoying time with friends, playing board games, cards which are both fun and force me to think logically.
